TV Aerials Sheffield have 5-star reviews making us the top choice for customers who are wanting aerial services and more. Offering the most current HD home entertainment systems and with over twenty years of experience and training TV Aerials Sheffield offers all our services at the most competitive rates. Our engineers also provide Cat5, Cat6, HD points for the most modern smart televisions and audio system installation services.

## TV Aerials Sheffield, What We Offer?

TV Aerials Sheffield have been installing TV Aerials for over twenty years, our professionalism and efficiency is achieved through continued training and experience. Our 5-star reviews reflect how hard our engineers work in order to ensure a top rate service. Whatever your needs, TV Aerials Sheffield are always on hand to attend.

Whether it be a full aerial installation, an extension into another room or a TV wall mounting we will attend your home or business and meet your requirements. Further services include phone line installation and repairs as well as designing bespoke TV or CCTV systems for your premises. TV Aerials Sheffield aim to provide a wide variety of services to all customers and all at competitive rates.

TV Aerials Sheffield offers the most current packages and the equipment we use is the best the market has to offer. With the introduction of 4K TV and CCTV systems, more and more customers are requesting this amazing visual experience for their homes. [Learn More Here Now.](#)

## Satellite Dish Installers Sheffield

TV Aerials Sheffield are trained to supply, fit and install satellite systems to receive foreign channels/programs. If you require foreign channels our engineers are more than happy to provide this service. Once a booking has been made the engineers will contact you on the day of your appointment to notify you when they are roughly 30 minutes away. This will give customers enough time to get back home if they are at out or even at work.

On average an appointment to supply, fit and install a dish takes no longer than an hour. When the dish is installed and the box has been set up, the engineer will provide you with a demonstration and advise you how to use your new equipment, this includes how to use Catch Up TV, how to record as well as how to pause and rewind live television if this option is available.

Satellites such as Hotbird, Astra, and Eutelsat broadcast a wide range of Polish, French, Spanish, Russian, Italian, German, Arabic Albanian, Romanian and Bulgarian channels. Turkish channels can also be received by aligning a dish to Turksat or Digiturk whilst Greek programs are available on Hellas Sat. Contact Us today to learn more about [satellite Installations](#) by TV Aerials Sheffield.

# TV Wall Mounting Sheffield

TV Aerials Sheffield can install the most current TV Wall Brackets on the market. Our aim is to provide you with an appointment with one of our trained engineers within 24 hours. When most people purchase a new television they want them to be the centre of their living rooms. Sitting around the television and watching programmes as a family has been a tradition for generations and we know how important erecting a new TV set is to our customers.

Also, TV Aerials Sheffield will endeavor to provide you with our services as soon as possible. Although supplying TV Aerials and Satellite dishes is our main provision, TV Aerials Sheffield also supply, fit and install a wide range of TV Wall Brackets. The options include fixed or flat wall brackets which are ideal for a larger television, tilt or swivel wall brackets which are perfect if you require your television tipped towards your seating area.

Learn more about TV Aerials Sheffield and how we can help with an amazing TV wall mounting service. Please feel free to contact us to arrange a Free consultation by calling 01143583478.

## How much does an aerial installation cost in Sheffield?

How much does an aerial installation cost in Sheffield? TV Aerials Sheffield are on hand 6 days a week to help and advice about any of the services that we offer. From TV Aerial Installations, Phone Lines or CCTV Systems we are more than happy to hear from you should you require any information on any of the services available. We aim to put the needs of our customers first, you can speak to our office staff over the phone or they can arrange a site visit where the engineers can provide a free no obligation quote.

In some areas of Sheffield, TV Aerials Sheffield advise installing a 52 Element TV Aerial that would support a number of additional rooms. You would receive Yorkshire television. Dont hesitate to contact TV Aerials Sheffield for a free quote from Gary's team today.

Aerial costs will also vary if an amplifier is required, an amplifier will be needed to boost the signal strength if the aerial supplies more than one room or if you live within a poorer signal area. Amplifiers are charged between £49+vat and £69+vat, this is dependent on the mast head amplifier that is

being used. If you want any more info on Aerials and costs please ring us at TV Aerials Sheffield and we will answer all your questions. Call now on 01143583478

# Sheffield Freeview Aerials

Many homes use a High Gain Freeview Aerial as some areas of Sheffield are known for the poor reception, within these areas customers may opt for a Satellite installation, as these are best when the reception is poor, however, a High Gain aerial will work just as well. TV Aerials Sheffield can install a 52 element High Gain aerial to ensure that customers receive the best quality reception within their homes.

This will enable you to receive all the available Freeview television and radio channels. A Freeview aerial would most commonly be installed onto the roof and a pole may be required to lift it to ensure the best reception is picked up. A standard Aerial Installation would include the aerial, cabling, lashing kit and bracket. As stated in areas of poor reception a larger pole may be required.

## CAT5 Ethernet Cable Sheffield

TV Aerials Sheffield specialise in installing turnkey Cat 5e, Cat 6 and Fibre Optic cabling. Our engineers will supply and install all the cabling that is required to set up your main communications system within your home or business. Call us today for all your DATA Cabling Service options 07850636902.

The engineers at TV Aerials Sheffield will come out to your property to discuss, plan and create a bespoke communication system to suit your premises and budget. TV Aerials Sheffield can also test and investigate faults on an existing system. The service we provide is cost-effective and all work is covered with a twelve-month warranty. Please feel free to read our reviews which express the genuine feelings of satisfaction and appreciation from our previous customers across Sheffield.

TV Aerials Sheffield guarantee that we will customise your system to suit your requirements, whether it be a home system or for business premises. We appreciate that within most modern-day working establishments CAT5/6 Data cabling is fundamental to any office set up. Call us free for advising and information 01143583478

# Sheffield Smart TV Installation

Using internet connectivity Tv Aerials Sheffield can set up your Smart/Internet televisions enabling additional programs and online apps. A simple way to describe how the Smart TV works is to describe it as having a built in computer that can be accessed via the TV screen. Through a Smart TV you can access various online services, web browsing, social media, online messaging and much more. Smart TV's have fast become the most popular choice for homes and families.

Smart TV's allow you to stream media from phones or computers onto your TV through a system called DLNA. For any questions or queries relating to Smart TV Installations or help purchasing a TV, call TV Aerials Sheffield who would be happy to provide you with the information and knowledge that you require.

TV Aerials Sheffield can offer the best Smart TV Installation service throughout the Sheffield area. We will even help you set up Netflix or Amazon. To learn more about Smart TV Installations call us now on 07850636902

# CCTV Installation Sheffield

At TV Aerials Sheffield we also supply, fit and install CCTV Camera Systems. Using Hikvision and QViz systems customers are able to view their homes or business premises through their mobile phones and other devices, this ensures peace of mind from wherever you may be. We can help design the perfect bespoke camera system to suit your requirements and budget. The systems ensure you can view your property from anywhere in the world. Remote access is compatible with Windows apps, Android, iOS and iPhones.

Theft can course a serious financial burden, regardless of whether it is in a home or business. Intruders, burglars or even employees can all be deterred from theft or damage if a CCTV system is installed. TV Aerials Sheffield will arrange an appointment with an engineer who will call and survey the site, discuss the various camera systems and provide you with a quote.

TV Aerials Sheffield only provide high-quality CCTV systems which can be tailored to suit your individual requirements. A free site survey is offered and the engineer will come along and advise on the best system for your property. With every installation comes a twelve-month warranty. Only

experienced, qualified engineers carry out the work and once the cameras are installed the engineer will provide a full demonstration and explanation on how to use the system.

# Communal Aerial and Satellite Systems in Sheffield

TV Aerials Sheffield have over 20 years worth of experience installing communal aerial and satellite systems for hotels, apartment blocks, universities and elderly care homes. These systems are installed in a completely different way to a domestic single aerial or dish. These communal systems have to be planned and designed to serve multiple televisions, all from the same system, ensuring a perfect picture for each individual property.

Precise planning and preparation is required before the IRS aerial and satellite system is introduced, as the system must have the ability to service multiple televisions. As SkyQ is fast becoming the popular choice, we can also future proof a satellite system for the SkyQ change over. TV Aerials Sheffield can supply systems that will receive digital television, Sky Q, CCTV as well as a variety of foreign channels.

For More Information On Communal Systems please call us now on 01143583478

## WiFi Installation in Sheffield

TV Aerials Sheffield can offer full home wireless systems, boost your WiFi throughout your home or business and all at competitive prices. Our service is reliable, rapid and doesn't break the bank. Call today and TV Aerials Sheffield can come and assess your WiFi, offering advice, repairs and installations.

Through a visit our trained engineers can then advise whether it would be best to install a Cat5 cabled or a wireless system at the site. The engineers will also ensure that the signal is at its optimum strength throughout the property. Often the most effective way to transmit a good signal throughout the house is to install a combination of wired and wireless. This enables the signal to be distributed more evenly.

Alternatively a wireless mesh WiFi system like the Ubiquity or TP link system can be installed. This is the most superior WiFi home and business network system. Also sometimes a simple access point WiFi network, installed onto every floor, as well as assigning a different SSID if needed, will separate the network.

Call the office today on 01143583478

# Sheffield's **Wireless CCTV Door Bell Installations**

Do you keep missing the doorbell or the delivery man? TV Aerials Sheffield are now installing revolutionary doorbells that can be answered via your mobile phone wherever you may be. The latest wireless video doorbells can be installed at your property from £199+vat, they include a chime to go inside your property as well as phone alerts.

Through the door bells video phone alert you can speak to the caller through the wireless doorbell and instruct them on where to leave a parcel, this way you will never miss a delivery or a caller at your property. The wireless doorbells also have motion detection.

If you would like advice and information on the doorbells then TV Aerials Sheffield are more than happy to come out and give you a demonstration and familiarise you with the easy to use app. Simply make an appointment with the office staff on 07850636902 and we will call. The app is so easy to use for all the family.

The video doorbell is becoming ever more popular, call today for more information or to book an installation.

In fact, if you're still not too sure then TV Aerials Sheffield will come to your home or business and let you try one free of charge. Because we are so sure

## Sheffield Telephone Repairs

At TV Aerials Sheffield we do not charge for coming out to the property or by the hour. Leading phone companies often charge to attend as well as further hefty charges for fault finding and repairs. These can be as much as £120 per hour. Our independent engineers will attend your property, investigate and identify the problem before giving you a quote for the work that is required. As long as you are happy with the quote they will then carry out the repair, installation or any other maintenance work that is required.

Our local Sheffield engineers can also test broadband speeds and again improve this, if it is necessary. We also offer connection solutions and additional sockets for half the cost of BT and we don't have long time scales, our engineers will attend within a couple of days, not weeks.

Feel free to call for all your telephone and internet requirements. We offer so many services, from telephone and Broadband Faults, Telephone Landline Faults, Cable Extension, Socket Installation as well as Cisco Phone Systems Installation, Maintenance, Modem, and Switch Installation and Office Network VoIP Phone installation.

We will attend your premises at the first opportunity 01143583478

## Home Theatre System Installations Sheffield

For help and advise on designing and installing a home cinema system within your property, TV Aerials sheffield have over twenty years worth of experience in the service. Nowadays there are so many differing systems on the market, we at TV Aerials Sheffield can explain and inform you about the various equipment and help you to create a bespoke cinema within your property. We have installed home cinema into basements, lofts, out buildings and even garages.

It is important that we design to suit your specific requirements but most importantly, your budget. Our competent team of staff will deliver your cinema system, which will then all be managed and maintained by TV Aerials Sheffield.

With a years warranty you will have the peace of mind that should you need us, we will return. We can offer a first class service throughout Sheffield. Please call us for advice today 01143583478

## HDMI Multiroom Distribution

TV Aerials Sheffield are nothing less than amazing when it comes to installing 4K HDMI multi Room Distribution Systems. Our services enable you to create any size of 4K or 1080p HDMI matrix using a 1 Gb network and Cat 5e/6 cabling. Whether you require this installing into a residential or commercial property, we will carry out the work all across Sheffield. Varying combinations of inputs and outputs are possible, and the system can be easily extended to accommodate additional sources and screens throughout your Home or Office at a later date.

We also provide HDTV Distribution of 4K, Video over IP and HDMI solutions that deliver seamless AV integration. As an official TRIX HDBaseT adopter and alliance member, Blu-stream is firmly positioned at the forefront of this advanced technology. Through an integration of the latest pioneering chip sets our TV Aerial Sheffield based engineers have trained in the latest developments in the world's most innovative range of AV distribution products.

Call today for advise and information on this service 01143583478

## Sonos Installations Sheffield

Our Sheffield based engineers pride themselves in their ability to future proof our customers homes and business premises. We provide Sonos Connect services, installing home automation solutions using intuitive touch screen interfaces and smart technology. TV Aerials Sheffield can enable our customers to be in control of their homes and businesses from wherever they are.

TV Aerials Sheffield can install audio components to enable you to stream all the music you love throughout your property. Sonos is a wireless HiFi system. Sonos systems can be installed into one room or extended into any other number of rooms within your property, filling your premises with music and sound.

We offer a number of services, including the maintenance and installation of Sonos systems within the Sheffield area. Our staff will design and create the perfect Sonos music system for your home or workplace, then install and configure the system. Transforming your home into your very own home cinema.

Call us today to speak to one of our engineers 01143583478

## Sound Bar Installation Sheffield

A sound bar is the easiest way to improve your TV sound without adding a full 5.1 surround sound cinema system. Many properties don't have the room to accommodate a home cinema system, so a soundbar provides the perfect alternative.

TV aerials Sheffield have recently been inundated with requests for the service as sound bars are now a must. They are simple to install and set up as they can be configured with all televisions on the market. Soundbars include wireless sub-woofers and wireless Bluetooth music streaming as well as network access and HDMI & optical connections. Adding a soundbar or speaker system increases the quality of your sound phenomenally. A sound bar can be added to any television as the audio outputs are now standard on the televisions of today.

Please get in touch if you are considering purchasing a soundbar we would be more than happy to help and inform you on the various speakers on the market.

## Audiovisual Installations within Sheffield

TV Aerials Sheffield have trained engineers who can design and take care of all of the tunings. This will allow you to make the most of your components without having to do any of the installations on your own. We can also hide the wires, ensure that everything is programmed to a single remote, and much more.

When you are considering purchasing an audio and video system for your home or business, please call us at TV Aerials Sheffield and we will attend and provide you with a quote for an installation. Our team can also recommend the best audio and video equipment to suit your space as very often looking at the variety on the market can become confusing.

Our reviews speak volumes about our hardworking efficient engineers, so call today and take the hassle out of your decision. Let us help and install the perfect audio visual system for you.

TV Aerials Sheffield have 5-star reviews making us the top choice for customers who are wanting aerial services and more. Offering the most current HD home entertainment systems and with over twenty years of experience and training TV Aerials Sheffield offers all our services at the most competitive rates. Our engineers also provide Cat5, Cat6, HD points for the most modern smart televisions and audio system installation services.

## TV Aerials Sheffield, What We Offer?

TV Aerials Sheffield have been installing TV Aerials for over twenty years, our professionalism and efficiency is achieved through continued training and experience. Our 5-star reviews reflect how hard our engineers work in order to ensure a top rate service. Whatever your needs, TV Aerials Sheffield are always on hand to attend.

Whether it be a full aerial installation, an extension into another room or a TV wall mounting we will attend your home or business and meet your requirements. Further services include phone line installation and repairs as well as designing bespoke TV or CCTV systems for your premises. TV Aerials Sheffield aim to provide a wide variety of services to all customers and all at competitive rates.

TV Aerials Sheffield offers the most current packages and the equipment we use is the best the market has to offer. With the introduction of 4K TV and CCTV systems, more and more customers are requesting this amazing visual experience for their homes. [Learn More Here Now.](#)

## Satellite Dish Installers Sheffield

TV Aerials Sheffield are trained to supply, fit and install satellite systems to receive foreign channels/programs. If you require foreign channels our engineers are more than happy to provide this service. Once a booking has been made the engineers will contact you on the day of your appointment to notify you when they are roughly 30 minutes away. This will give customers enough time to get back home if they are at out or even at work.

On average an appointment to supply, fit and install a dish takes no longer than an hour. When the dish is installed and the box has been set up, the engineer will provide you with a demonstration and advise you how to use your new equipment, this includes how to use Catch Up TV, how to record as well as how to pause and rewind live television if this option is available.

Satellites such as Hotbird, Astra, and Eutelsat broadcast a wide range of Polish, French, Spanish, Russian, Italian, German, Arabic Albanian, Romanian and Bulgarian channels. Turkish channels can also be received by aligning a dish to Turksat or Digiturk whilst Greek programs are available on Hellas Sat. Contact Us today to learn more about [satellite Installations](#) by TV Aerials Sheffield.

## TV Wall Mounting Sheffield

TV Aerials Sheffield can install the most current TV Wall Brackets on the market. Our aim is to provide you with an appointment with one of our trained engineers within 24 hours. When most people purchase a new television they want them to be the centre of their living rooms. Sitting around the television and watching programmes as a family has been a tradition for generations and we know how important erecting a new TV set is to our customers.

Also, TV Aerials Sheffield will endeavor to provide you with our services as soon as possible. Although supplying TV Aerials and Satellite dishes is our main provision, TV Aerials Sheffield also supply, fit and install a wide range of TV Wall Brackets. The options include fixed or flat wall brackets which are ideal for a larger television, tilt or swivel wall brackets which are perfect if you require your television tipped towards your seating area.

Learn more about TV Aerials Sheffield and how we can help with an amazing TV wall mounting service. Please feel free to contact us to arrange a Free consultation by calling 01143583478.

## How much does an aerial installation cost in Sheffield?

How much does an aerial installation cost in Sheffield? TV Aerials Sheffield are on hand 6 days a week to help and advice about any of the services that we offer. From TV Aerial Installations, Phone Lines or CCTV Systems we are more than happy to hear from you should you require any information on any of the services available. We aim to put the needs of our customers first, you can speak to our office staff over the phone or they can arrange a site visit where the engineers can provide a free no obligation quote.

In some areas of Sheffield, TV Aerials Sheffield advise installing a 52 Element TV Aerial that would support a number of additional rooms. You would receive Yorkshire television. Dont hesitate to contact TV Aerials Sheffield for a free quote from Gary's team today.

Aerial costs will also vary if an amplifier is required, an amplifier will be needed to boost the signal strength if the aerial supplies more than one room or if you live within a poorer signal area. Amplifiers are charged between £49+vat and £69+vat, this is dependent on the mast head amplifier that is being used. If you want any more info on Aerials and costs please ring us at TV Aerials Sheffield and we will answer all your questions. Call now on 01143583478

# Sheffield Freeview Aerials

Many homes use a High Gain Freeview Aerial as some areas of Sheffield are known for the poor reception, within these areas customers may opt for a Satellite installation, as these are best when the reception is poor, however, a High Gain aerial will work just as well. TV Aerials Sheffield can install a 52 element High Gain aerial to ensure that customers receive the best quality reception within their homes.

This will enable you to receive all the available Freeview television and radio channels. A Freeview aerial would most commonly be installed onto the roof and a pole may be required to lift it to ensure the best reception is picked up. A standard Aerial Installation would include the aerial, cabling, lashing kit and bracket. As stated in areas of poor reception a larger pole may be required.

## CAT5 Ethernet Cable Sheffield

TV Aerials Sheffield specialise in installing turnkey Cat 5e, Cat 6 and Fibre Optic cabling. Our engineers will supply and install all the cabling that is required to set up your main communications system within your home or business. Call us today for all your DATA Cabling Service options 07850636902.

The engineers at TV Aerials Sheffield will come out to your property to discuss, plan and create a bespoke communication system to suit your premises and budget. TV Aerials Sheffield can also test and investigate faults on an existing system. The service we provide is cost-effective and all work is covered with a twelve-month warranty. Please feel free to read our reviews which express the genuine feelings of satisfaction and appreciation from our previous customers across Sheffield.

TV Aerials Sheffield guarantee that we will customise your system to suit your requirements, whether it be a home system or for business premises. We appreciate that within most modern-day working establishments CAT5/6 Data cabling is fundamental to any office set up. Call us free for advising and information 01143583478

# Sheffield Smart TV Installation

Using internet connectivity Tv Aerials Sheffield can set up your Smart/Internet televisions enabling additional programs and online apps. A simple way to describe how the Smart TV works is to describe it as having a built in computer that can be accessed via the TV screen. Through a Smart TV you can access various online services, web browsing, social media, online messaging and much more. Smart TV's have fast become the most popular choice for homes and families.

Smart TV's allow you to stream media from phones or computers onto your TV through a system called DLNA. For any questions or queries relating to Smart TV Installations or help purchasing a TV, call TV Aerials Sheffield who would be happy to provide you with the information and knowledge that you require.

TV Aerials Sheffield can offer the best Smart TV Installation service throughout the Sheffield area. We will even help you set up Netflix or Amazon. To learn more about Smart TV Installations call us now on 07850636902

# CCTV Installation Sheffield

At TV Aerials Sheffield we also supply, fit and install CCTV Camera Systems. Using Hikvision and QViz systems customers are able to view their homes or business premises through their mobile phones and other devices, this ensures peace of mind from wherever you may be. We can help design the perfect bespoke camera system to suit your requirements and budget. The systems ensure you can view your property from anywhere in the world. Remote access is compatible with Windows apps, Android, iOS and iPhones.

Theft can course a serious financial burden, regardless of whether it is in a home or business. Intruders, burglars or even employees can all be deterred from theft or damage if a CCTV system is installed. TV Aerials Sheffield will arrange an appointment with an engineer who will call and survey the site, discuss the various camera systems and provide you with a quote.

TV Aerials Sheffield only provide high-quality CCTV systems which can be tailored to suit your individual requirements. A free site survey is offered and the engineer will come along and advise on the best system for your property. With every installation comes a twelve-month warranty. Only

experienced, qualified engineers carry out the work and once the cameras are installed the engineer will provide a full demonstration and explanation on how to use the system.

# Communal Aerial and Satellite Systems in Sheffield

TV Aerials Sheffield have over 20 years worth of experience installing communal aerial and satellite systems for hotels, apartment blocks, universities and elderly care homes. These systems are installed in a completely different way to a domestic single aerial or dish. These communal systems have to be planned and designed to serve multiple televisions, all from the same system, ensuring a perfect picture for each individual property.

Precise planning and preparation is required before the IRS aerial and satellite system is introduced, as the system must have the ability to service multiple televisions. As SkyQ is fast becoming the popular choice, we can also future proof a satellite system for the SkyQ change over. TV Aerials Sheffield can supply systems that will receive digital television, Sky Q, CCTV as well as a variety of foreign channels.

For More Information On Communal Systems please call us now on 01143583478

## WiFi Installation in Sheffield

TV Aerials Sheffield can offer full home wireless systems, boost your WIFI throughout your home or business and all at competitive prices. Our service is reliable, rapid and doesn't break the bank. Call today and TV Aerials Sheffield can come and assess your WIFI, offering advice, repairs and installations.

Through a visit our trained engineers can then advise whether it would be best to install a Cat5 cabled or a wireless system at the site. The engineers will also ensure that the signal is at its optimum strength throughout the property. Often the most effective way to transmit a good signal throughout the house is to install a combination of wired and wireless. This enables the signal to be distributed more evenly.

Alternatively a wireless mesh WiFi system like the Ubiquity or TP link system can be installed. This is the most superior WiFi home and business network system. Also sometimes a simple access point WiFi network, installed onto every floor, as well as assigning a different SSID if needed, will separate the network.

Call the office today on 01143583478

# Sheffield's **Wireless CCTV Door Bell Installations**

Do you keep missing the doorbell or the delivery man? TV Aerials Sheffield are now installing revolutionary doorbells that can be answered via your mobile phone wherever you may be. The latest wireless video doorbells can be installed at your property from £199+vat, they include a chime to go inside your property as well as phone alerts.

Through the door bells video phone alert you can speak to the caller through the wireless doorbell and instruct them on where to leave a parcel, this way you will never miss a delivery or a caller at your property. The wireless doorbells also have motion detection.

If you would like advice and information on the doorbells then TV Aerials Sheffield are more than happy to come out and give you a demonstration and familiarise you with the easy to use app. Simply make an appointment with the office staff on 07850636902 and we will call. The app is so easy to use for all the family.

The video doorbell is becoming ever more popular, call today for more information or to book an installation.

In fact, if you're still not too sure then TV Aerials Sheffield will come to your home or business and let you try one free of charge. Because we are so sure

## Sheffield Telephone Repairs

At TV Aerials Sheffield we do not charge for coming out to the property or by the hour. Leading phone companies often charge to attend as well as further hefty charges for fault finding and repairs. These can be as much as £120 per hour. Our independent engineers will attend your property, investigate and identify the problem before giving you a quote for the work that is required. As long as you are happy with the quote they will then carry out the repair, installation or any other maintenance work that is required.

Our local Sheffield engineers can also test broadband speeds and again improve this, if it is necessary. We also offer connection solutions and additional sockets for half the cost of BT and we don't have long time scales, our engineers will attend within a couple of days, not weeks.

Feel free to call for all your telephone and internet requirements. We offer so many services, from telephone and Broadband Faults, Telephone Landline Faults, Cable Extension, Socket Installation as well as Cisco Phone Systems Installation, Maintenance, Modem, and Switch Installation and Office Network VoIP Phone installation.

We will attend your premises at the first opportunity 01143583478

## Home Theatre System Installations Sheffield

For help and advise on designing and installing a home cinema system within your property, TV Aerials sheffield have over twenty years worth of experience in the service. Nowadays there are so many differing systems on the market, we at TV Aerials Sheffield can explain and inform you about the various equipment and help you to create a bespoke cinema within your property. We have installed home cinema into basements, lofts, out buildings and even garages.

It is important that we design to suit your specific requirements but most importantly, your budget. Our competent team of staff will deliver your cinema system, which will then all be managed and maintained by TV Aerials Sheffield.

With a years warranty you will have the peace of mind that should you need us, we will return. We can offer a first class service throughout Sheffield. Please call us for advice today 01143583478

## HDMI Multiroom Distribution

TV Aerials Sheffield are nothing less than amazing when it comes to installing 4K HDMI multi Room Distribution Systems. Our services enable you to create any size of 4K or 1080p HDMI matrix using a 1 Gb network and Cat 5e/6 cabling. Whether you require this installing into a residential or commercial property, we will carry out the work all across Sheffield. Varying combinations of inputs and outputs are possible, and the system can be easily extended to accommodate additional sources and screens throughout your Home or Office at a later date.

We also provide HDTV Distribution of 4K, Video over IP and HDMI solutions that deliver seamless AV integration. As an official TRIX HDBaseT adopter and alliance member, Blu-stream is firmly positioned at the forefront of this advanced technology. Through an integration of the latest pioneering chip sets our TV Aerial Sheffield based engineers have trained in the latest developments in the world's most innovative range of AV distribution products.

Call today for advise and information on this service 01143583478

## Sonos Installations Sheffield

Our Sheffield based engineers pride themselves in their ability to future proof our customers homes and business premises. We provide Sonos Connect services, installing home automation solutions using intuitive touch screen interfaces and smart technology. TV Aerials Sheffield can enable our customers to be in control of their homes and businesses from wherever they are.

TV Aerials Sheffield can install audio components to enable you to stream all the music you love throughout your property. Sonos is a wireless HiFi system. Sonos systems can be installed into one room or extended into any other number of rooms within your property, filling your premises with music and sound.

We offer a number of services, including the maintenance and installation of Sonos systems within the Sheffield area. Our staff will design and create the perfect Sonos music system for your home or workplace, then install and configure the system. Transforming your home into your very own home cinema.

Call us today to speak to one of our engineers 01143583478

## Sound Bar Installation Sheffield

A sound bar is the easiest way to improve your TV sound without adding a full 5.1 surround sound cinema system. Many properties don't have the room to accommodate a home cinema system, so a soundbar provides the perfect alternative.

TV aerials Sheffield have recently been inundated with requests for the service as sound bars are now a must. They are simple to install and set up as they can be configured with all televisions on the market. Soundbars include wireless sub-woofers and wireless Bluetooth music streaming as well as network access and HDMI & optical connections. Adding a soundbar or speaker system increases the quality of your sound phenomenally. A sound bar can be added to any television as the audio outputs are now standard on the televisions of today.

Please get in touch if you are considering purchasing a soundbar we would be more than happy to help and inform you on the various speakers on the market.

## Audiovisual Installations within Sheffield

TV Aerials Sheffield have trained engineers who can design and take care of all of the tunings. This will allow you to make the most of your components without having to do any of the installations on your own. We can also hide the wires, ensure that everything is programmed to a single remote, and much more.

When you are considering purchasing an audio and video system for your home or business, please call us at TV Aerials Sheffield and we will attend and provide you with a quote for an installation. Our team can also recommend the best audio and video equipment to suit your space as very often looking at the variety on the market can become confusing.

Our reviews speak volumes about our hardworking efficient engineers, so call today and take the hassle out of your decision. Let us help and install the perfect audio visual system for you.

TV Aerials Sheffield have 5-star reviews making us the top choice for customers who are wanting aerial services and more. Offering the most current HD home entertainment systems and with over twenty years of experience and training TV Aerials Sheffield offers all our services at the most competitive rates. Our engineers also provide Cat5, Cat6, HD points for the most modern smart televisions and audio system installation services.

## TV Aerials Sheffield, What We Offer?

TV Aerials Sheffield have been installing TV Aerials for over twenty years, our professionalism and efficiency is achieved through continued training and experience. Our 5-star reviews reflect how hard our engineers work in order to ensure a top rate service. Whatever your needs, TV Aerials Sheffield are always on hand to attend.

Whether it be a full aerial installation, an extension into another room or a TV wall mounting we will attend your home or business and meet your requirements. Further services include phone line installation and repairs as well as designing bespoke TV or CCTV systems for your premises. TV Aerials Sheffield aim to provide a wide variety of services to all customers and all at competitive rates.

TV Aerials Sheffield offers the most current packages and the equipment we use is the best the market has to offer. With the introduction of 4K TV and CCTV systems, more and more customers are requesting this amazing visual experience for their homes. [Learn More Here Now.](#)

## Satellite Dish Installers Sheffield

TV Aerials Sheffield are trained to supply, fit and install satellite systems to receive foreign channels/programs. If you require foreign channels our engineers are more than happy to provide this service. Once a booking has been made the engineers will contact you on the day of your appointment to notify you when they are roughly 30 minutes away. This will give customers enough time to get back home if they are at out or even at work.

On average an appointment to supply, fit and install a dish takes no longer than an hour. When the dish is installed and the box has been set up, the engineer will provide you with a demonstration and advise you how to use your new equipment, this includes how to use Catch Up TV, how to record as well as how to pause and rewind live television if this option is available.

Satellites such as Hotbird, Astra, and Eutelsat broadcast a wide range of Polish, French, Spanish, Russian, Italian, German, Arabic Albanian, Romanian and Bulgarian channels. Turkish channels can also be received by aligning a dish to Turksat or Digiturk whilst Greek programs are available on Hellas Sat. Contact Us today to learn more about [satellite Installations](#) by TV Aerials Sheffield.

## TV Wall Mounting Sheffield

TV Aerials Sheffield can install the most current TV Wall Brackets on the market. Our aim is to provide you with an appointment with one of our trained engineers within 24 hours. When most people purchase a new television they want them to be the centre of their living rooms. Sitting around the television and watching programmes as a family has been a tradition for generations and we know how important erecting a new TV set is to our customers.

Also, TV Aerials Sheffield will endeavor to provide you with our services as soon as possible. Although supplying TV Aerials and Satellite dishes is our main provision, TV Aerials Sheffield also supply, fit and install a wide range of TV Wall Brackets. The options include fixed or flat wall brackets which are ideal for a larger television, tilt or swivel wall brackets which are perfect if you require your television tipped towards your seating area.

Learn more about TV Aerials Sheffield and how we can help with an amazing TV wall mounting service. Please feel free to contact us to arrange a Free consultation by calling 01143583478.

## How much does an aerial installation cost in Sheffield?

How much does an aerial installation cost in Sheffield? TV Aerials Sheffield are on hand 6 days a week to help and advice about any of the services that we offer. From TV Aerial Installations, Phone Lines or CCTV Systems we are more than happy to hear from you should you require any information on any of the services available. We aim to put the needs of our customers first, you can speak to our office staff over the phone or they can arrange a site visit where the engineers can provide a free no obligation quote.

In some areas of Sheffield, TV Aerials Sheffield advise installing a 52 Element TV Aerial that would support a number of additional rooms. You would receive Yorkshire television. Dont hesitate to contact TV Aerials Sheffield for a free quote from Gary's team today.

Aerial costs will also vary if an amplifier is required, an amplifier will be needed to boost the signal strength if the aerial supplies more than one room or if you live within a poorer signal area. Amplifiers are charged between £49+vat and £69+vat, this is dependent on the mast head amplifier that is being used. If you want any more info on Aerials and costs please ring us at TV Aerials Sheffield and we will answer all your questions. Call now on 01143583478

## Sheffield Freeview Aerials

Many homes use a High Gain Freeview Aerial as some areas of Sheffield are known for the poor reception, within these areas customers may opt for a Satellite installation, as these are best when the reception is poor, however, a High Gain aerial will work just as well. TV Aerials Sheffield can install a 52 element High Gain aerial to ensure that customers receive the best quality reception within their homes.

This will enable you to receive all the available Freeview television and radio channels. A Freeview aerial would most commonly be installed onto the roof and a pole may be required to lift it to ensure the best reception is picked up. A standard Aerial Installation would include the aerial, cabling, lashing kit and bracket. As stated in areas of poor reception a larger pole may be required.

## CAT5 Ethernet Cable Sheffield

TV Aerials Sheffield specialise in installing turnkey Cat 5e, Cat 6 and Fibre Optic cabling. Our engineers will supply and install all the cabling that is required to set up your main communications system within your home or business. Call us today for all your DATA Cabling Service options 07850636902.

The engineers at TV Aerials Sheffield will come out to your property to discuss, plan and create a bespoke communication system to suit your premises and budget. TV Aerials Sheffield can also test and investigate faults on an existing system. The service we provide is cost-effective and all work is covered with a twelve-month warranty. Please feel free to read our reviews which express the genuine feelings of satisfaction and appreciation from our previous customers across Sheffield.

TV Aerials Sheffield guarantee that we will customise your system to suit your requirements, whether it be a home system or for business premises. We appreciate that within most modern-day working establishments CAT5/6 Data cabling is fundamental to any office set up. Call us free for advising and information 01143583478

# Sheffield Smart TV Installation

Using internet connectivity Tv Aerials Sheffield can set up your Smart/Internet televisions enabling additional programs and online apps. A simple way to describe how the Smart TV works is to describe it as having a built in computer that can be accessed via the TV screen. Through a Smart TV you can access various online services, web browsing, social media, online messaging and much more. Smart TV's have fast become the most popular choice for homes and families.

Smart TV's allow you to stream media from phones or computers onto your TV through a system called DLNA. For any questions or queries relating to Smart TV Installations or help purchasing a TV, call TV Aerials Sheffield who would be happy to provide you with the information and knowledge that you require.

TV Aerials Sheffield can offer the best Smart TV Installation service throughout the Sheffield area. We will even help you set up Netflix or Amazon. To learn more about Smart TV Installations call us now on 07850636902

# CCTV Installation Sheffield

At TV Aerials Sheffield we also supply, fit and install CCTV Camera Systems. Using Hikvision and QViz systems customers are able to view their homes or business premises through their mobile phones and other devices, this ensures peace of mind from wherever you may be. We can help design the perfect bespoke camera system to suit your requirements and budget. The systems ensure you can view your property from anywhere in the world. Remote access is compatible with Windows apps, Android, iOS and iPhones.

Theft can course a serious financial burden, regardless of whether it is in a home or business. Intruders, burglars or even employees can all be deterred from theft or damage if a CCTV system is installed. TV Aerials Sheffield will arrange an appointment with an engineer who will call and survey the site, discuss the various camera systems and provide you with a quote.

TV Aerials Sheffield only provide high-quality CCTV systems which can be tailored to suit your individual requirements. A free site survey is offered and the engineer will come along and advise on the best system for your property. With every installation comes a twelve-month warranty. Only

experienced, qualified engineers carry out the work and once the cameras are installed the engineer will provide a full demonstration and explanation on how to use the system.

# Communal Aerial and Satellite Systems in Sheffield

TV Aerials Sheffield have over 20 years worth of experience installing communal aerial and satellite systems for hotels, apartment blocks, universities and elderly care homes. These systems are installed in a completely different way to a domestic single aerial or dish. These communal systems have to be planned and designed to serve multiple televisions, all from the same system, ensuring a perfect picture for each individual property.

Precise planning and preparation is required before the IRS aerial and satellite system is introduced, as the system must have the ability to service multiple televisions. As SkyQ is fast becoming the popular choice, we can also future proof a satellite system for the SkyQ change over. TV Aerials Sheffield can supply systems that will receive digital television, Sky Q, CCTV as well as a variety of foreign channels.

For More Information On Communal Systems please call us now on 01143583478

## WiFi Installation in Sheffield

TV Aerials Sheffield can offer full home wireless systems, boost your WIFI throughout your home or business and all at competitive prices. Our service is reliable, rapid and doesn't break the bank. Call today and TV Aerials Sheffield can come and assess your WIFI, offering advice, repairs and installations.

Through a visit our trained engineers can then advise whether it would be best to install a Cat5 cabled or a wireless system at the site. The engineers will also ensure that the signal is at its optimum strength throughout the property. Often the most effective way to transmit a good signal throughout the house is to install a combination of wired and wireless. This enables the signal to be distributed more evenly.

Alternatively a wireless mesh WiFi system like the Ubiquity or TP link system can be installed. This is the most superior WiFi home and business network system. Also sometimes a simple access point WiFi network, installed onto every floor, as well as assigning a different SSID if needed, will separate the network.

Call the office today on 01143583478

# Sheffield's **Wireless CCTV Door Bell Installations**

Do you keep missing the doorbell or the delivery man? TV Aerials Sheffield are now installing revolutionary doorbells that can be answered via your mobile phone wherever you may be. The latest wireless video doorbells can be installed at your property from £199+vat, they include a chime to go inside your property as well as phone alerts.

Through the door bells video phone alert you can speak to the caller through the wireless doorbell and instruct them on where to leave a parcel, this way you will never miss a delivery or a caller at your property. The wireless doorbells also have motion detection.

If you would like advice and information on the doorbells then TV Aerials Sheffield are more than happy to come out and give you a demonstration and familiarise you with the easy to use app. Simply make an appointment with the office staff on 07850636902 and we will call. The app is so easy to use for all the family.

The video doorbell is becoming ever more popular, call today for more information or to book an installation.

In fact, if you're still not too sure then TV Aerials Sheffield will come to your home or business and let you try one free of charge. Because we are so sure

## Sheffield Telephone Repairs

At TV Aerials Sheffield we do not charge for coming out to the property or by the hour. Leading phone companies often charge to attend as well as further hefty charges for fault finding and repairs. These can be as much as £120 per hour. Our independent engineers will attend your property, investigate and identify the problem before giving you a quote for the work that is required. As long as you are happy with the quote they will then carry out the repair, installation or any other maintenance work that is required.

Our local Sheffield engineers can also test broadband speeds and again improve this, if it is necessary. We also offer connection solutions and additional sockets for half the cost of BT and we don't have long time scales, our engineers will attend within a couple of days, not weeks.

Feel free to call for all your telephone and internet requirements. We offer so many services, from telephone and Broadband Faults, Telephone Landline Faults, Cable Extension, Socket Installation as well as Cisco Phone Systems Installation, Maintenance, Modem, and Switch Installation and Office Network VoIP Phone installation.

We will attend your premises at the first opportunity 01143583478

## Home Theatre System Installations Sheffield

For help and advise on designing and installing a home cinema system within your property, TV Aerials sheffield have over twenty years worth of experience in the service. Nowadays there are so many differing systems on the market, we at TV Aerials Sheffield can explain and inform you about the various equipment and help you to create a bespoke cinema within your property. We have installed home cinema into basements, lofts, out buildings and even garages.

It is important that we design to suit your specific requirements but most importantly, your budget. Our competent team of staff will deliver your cinema system, which will then all be managed and maintained by TV Aerials Sheffield.

With a years warranty you will have the peace of mind that should you need us, we will return. We can offer a first class service throughout Sheffield. Please call us for advice today 01143583478

## HDMI Multiroom Distribution

TV Aerials Sheffield are nothing less than amazing when it comes to installing 4K HDMI multi Room Distribution Systems. Our services enable you to create any size of 4K or 1080p HDMI matrix using a 1 Gb network and Cat 5e/6 cabling. Whether you require this installing into a residential or commercial property, we will carry out the work all across Sheffield. Varying combinations of inputs and outputs are possible, and the system can be easily extended to accommodate additional sources and screens throughout your Home or Office at a later date.

We also provide HDTV Distribution of 4K, Video over IP and HDMI solutions that deliver seamless AV integration. As an official TRIX HDBaseT adopter and alliance member, Blu-stream is firmly positioned at the forefront of this advanced technology. Through an integration of the latest pioneering chip sets our TV Aerial Sheffield based engineers have trained in the latest developments in the world's most innovative range of AV distribution products.

Call today for advise and information on this service 01143583478

## Sonos Installations Sheffield

Our Sheffield based engineers pride themselves in their ability to future proof our customers homes and business premises. We provide Sonos Connect services, installing home automation solutions using intuitive touch screen interfaces and smart technology. TV Aerials Sheffield can enable our customers to be in control of their homes and businesses from wherever they are.

TV Aerials Sheffield can install audio components to enable you to stream all the music you love throughout your property. Sonos is a wireless HiFi system. Sonos systems can be installed into one room or extended into any other number of rooms within your property, filling your premises with music and sound.

We offer a number of services, including the maintenance and installation of Sonos systems within the Sheffield area. Our staff will design and create the perfect Sonos music system for your home or workplace, then install and configure the system. Transforming your home into your very own home cinema.

Call us today to speak to one of our engineers 01143583478

## Sound Bar Installation Sheffield

A sound bar is the easiest way to improve your TV sound without adding a full 5.1 surround sound cinema system. Many properties don't have the room to accommodate a home cinema system, so a soundbar provides the perfect alternative.

TV aerials Sheffield have recently been inundated with requests for the service as sound bars are now a must. They are simple to install and set up as they can be configured with all televisions on the market. Soundbars include wireless sub-woofers and wireless Bluetooth music streaming as well as network access and HDMI & optical connections. Adding a soundbar or speaker system increases the quality of your sound phenomenally. A sound bar can be added to any television as the audio outputs are now standard on the televisions of today.

Please get in touch if you are considering purchasing a soundbar we would be more than happy to help and inform you on the various speakers on the market.

## Audiovisual Installations within Sheffield

TV Aerials Sheffield have trained engineers who can design and take care of all of the tunings. This will allow you to make the most of your components without having to do any of the installations on your own. We can also hide the wires, ensure that everything is programmed to a single remote, and much more.

When you are considering purchasing an audio and video system for your home or business, please call us at TV Aerials Sheffield and we will attend and provide you with a quote for an installation. Our team can also recommend the best audio and video equipment to suit your space as very often looking at the variety on the market can become confusing.

Our reviews speak volumes about our hardworking efficient engineers, so call today and take the hassle out of your decision. Let us help and install the perfect audio visual system for you.

Satellite Retune

*Had a phone call from engineer to say when he would be at my address turned up on time ,Peter did a fantastic job which really turned out to be difficult but he would not let it beat him ,would recommend Peter to any one needing his services ,when he left every thing was working while others failed to even turn up ,jog left nice and tidy  
Thanks Pete for an excellent job I know who to contact if I need a satellite engineer again

## TV Aerial Installation services Sheffield

**Location:** S26 5PY**Date posted** 19 May 2019**Price:** \$ 99**Ad ID:** 314697[Reply by email](#)

Welcome to TV aerials Sheffield, With over 20 years experience you will know yours in safe hands. TV Aerials Sheffield cover South Yorkshire and North Derbyshire and know where the good and poor reception areas can be found.

This gives TV Aerials Sheffield the expertise and local knowledge to provide you with the best TV aerial and DAB radio aerial installation solutions. All our TV and radio engineers are City & Guilds qualified and are Registered Digital Installers so you can be confident that whatever you require will be dealt with competently and effectively to give you peace of mind. Not only do TV Aerials Sheffield carry out first time TV aerial and DAB aerial installations but also aerial repairs as a result of general wear and tear, storm damage or a heavy bird presence. This may be a more cost effective solution than replacing the existing with the new apparatus.

At TV Aerials Sheffield we like to offer an all-encompassing service so if you're not technically minded we can set up your digital services such as Freeview, Freeview HD, BT Vision, Talk Talk, EE, You View and Amazon Firestick and if you're feeling brave we can show you how to do it so there's no future call out charges to retune the TV.

New smart TV's can be set up for you and connected to the internet providing access to catch up TV through BBC iPlayer, ITV Hub as well as app services such as Netflix, YouTube and Facebook. Our pricing is more than competitive as no VAT is charged giving a 20% saving straight away and we offer free call outs for problem diagnosis and free no obligation quotes.

If you can find a cheaper price for the same products and a service we offer AB Aerials will price match as we want to make sure you get the best service at the best price. Once the work is completed you will receive a 2-year rolling guarantee. So if you are experiencing a problem with your aerial service such as Freeview breaking up or a loss of TV channels, call us for free expert advice to rectify the issue. Or if you need a TV aerial or DAB aerial to serve one or many rooms we can quote for free over the phone or pop round at your convenience.

Satellite Installations In Sheffield

TV Aerials Sheffield is Sheffield's and South Yorkshire's number one digital TV installation company.

We have been operating in the area for over 25 years giving us expert local knowledge and know how finding you the perfect TV viewing solution. All our TV and radio and satellite engineers are City & Guilds qualified and are Registered Digital Installers so you can be confident that whatever you require will be dealt with competently and effectively to give you peace of mind.

We can offer advice relating to your TV viewing as a satellite dish installation can give you more options if you live in a poor signal area. For example, the satellite equivalent of Freeview is called Freesat and was created to ensure everyone has the best of free digital TV no matter where they live in the UK.

Freesat and Freesat HD have over 1.5 million customers and offer over 140 digital TV and radio services including HD and Freesat+ which allows you to pause, rewind and record live TV and radio programmes.

With the right receiver box, you can connect to the internet and watch catch up TVs such as the BBC iPlayer, ITV hub etc as well as app services such as Netflix, YouTube and Facebook.

If you prefer to subscribe to satellite services such as SKY, SKY HD and SKY HD+ we can offer a maintenance service such as correcting poor signals, realigning dishes and relocating dishes due to obstructions such as trees and buildings.

Additionally, we offer the service of installing international satellite dishes to receive services from the world including France, Germany, Spain, Italy, Poland, Serbia, Croatia as well as the Arab world.

#### CCTV Camera Installations In Sheffield

TV Aerials Sheffield offers the opportunity to introduce state of the art security systems at affordable prices.

All our CCTV installations engineers are City & Guilds qualified and are Registered Digital Installers so you can be confident that whatever you require will be dealt with competently and effectively to give you peace of mind.

Recent advances in technology have meant greater quality imaging for less money and the storage of CCTV images much easier to access. TV Aerials Sheffield provide the best possible and cost-effective service from a single covert CCTV camera to multiple camera installations making us one of the leading and most popular installers of CCTV systems in South Yorkshire.

#### TV WALL MOUNTING SERVICES SHEFFIELD

##### TV WALL MOUNTING SERVICE FROM LOCAL PROFESSIONAL INSTALLERS

As televisions get bigger, more expensive and complicated to set up it's becoming prudent to get an expert professional tradesman into the wall mount the TV and connect the relevant devices such as a DVD, Digi-box, sound bar and recorder.

At TV Aerials Sheffield we are proud to offer a professional TV Wall Mounting and Installation service. We will ensure your TV looks great on the wall by cleverly concealing the cables.

Please call us for free advice from our expert installers as well as arrange for a free no obligation call out to discuss your requirements.

##### ON COMPLETION

Once positioned and mounted the TV can be set up. This includes tuning in and your devices connecting so that all you have to do is turn it on and off you go. If you have purchased a SMART TV you will need internet/Wi-Fi connectivity so as to make it fully functional i.e. so you'll have access to "Catch up" TV and various apps on offer such as Netflix and the like. We can help with internet connections and provide dongles or powerline adaptors to link up.

##### HOW TO BOOK

To arrange an appointment please call us on 01143583478 to discuss your requirements and we can go through the checklist with you. You can buy your own bracket but we'd recommend that you talk to us first as we have years of experience and know that some brackets are not suitable for certain models of TV. If we supply the brackets costs start from:

Up to 32" – £80

From 32" to 65"- £95

Prices will vary depending on the type of bracket required and the degree to which cables are hidden.

Please call us for free advice from our expert installers as well as arrange for a free no obligation call out to discuss your requirements.

##### Areas Covered by TV Aerials Sheffield

Sheffield, Dronfield, Hope Valley, Chesterfield, Rotherham, Mexborough, Barnsley, Worksop

## Sheffield got a bargain when it comes to TV Aerial installation costs.

The rise of digital broadcasting in all parts of Europe, most notably in the UK has caused a transformation in TV viewing experience. Most UK residents are upgrading to digital from the soon to be obsolete analog services in order to enjoy more channels being offered by a number of free digital terrestrial and plenty of digital services via satellite. The popularity of digital TV has fueled the need for professional advice and information about TV aerial and satellite installation among UK residents. TV aerials, satellite dishes and their installation play a major role in a hassle free digital TV viewing experience. Proper installation of the TV aerial or the satellite dish, the receiver and wiring are very much necessary. It is imperative that the entire installation is performed by professional installers having specialized aerial installer gadgets and equipments to install the TV aerial to an area where the strongest signal could be picked up in order to achieve clear and stable TV reception. One such trusted and experienced digital aerial installation company is Aerials Sheffield which has been installing TV aerials for over two decades.

## Sheffield got a bargain when it comes to TV Aerial installation costs.

The rise of digital broadcasting in all parts of Europe, most notably in the UK has caused a transformation in TV viewing experience. Most UK residents are upgrading to digital from the soon to be obsolete analog services in order to enjoy more channels being offered by a number of free digital terrestrial and plenty of digital services via satellite. The popularity of digital TV has fueled the need for professional advice and information about TV aerial and satellite installation among UK residents. TV aerials, satellite dishes and their installation play a major role in a hassle free digital TV viewing experience. Proper installation of the TV aerial or the satellite dish, the receiver and wiring are very much necessary. It is imperative that the entire installation is performed by professional installers having specialized aerial installer gadgets and equipments to install the TV aerial to an area where the strongest signal could be picked up in order to achieve clear and stable TV reception. One such trusted and experienced digital aerial installation company is Aerials Sheffield which has been installing TV aerials for over two decades.

Aerials Sheffield offers TV aerial installation and other services in Sheffield, Sunderland, Wakefield, Wigan, York, Nottingham, Halifax, Hull, Manchester, Doncaster, Huddersfield, Leeds, and various other towns and counties in England. Numerous homes in Sheffield use a High Gain Free view Aerial because various parts of this area are known for poor reception. Some also opt for a satellite installation as they provide a much stronger reception, although, a High Gain aerial may also work fine. Aerials Sheffield has the expertise to install a 52 element High Gain aerial as well as satellite dishes in residential properties, elderly care homes, office blocks, local businesses, and other establishments. Besides TV aerial and satellite dish installation, the other services provided by the company includes TV wall mounting, CAT5/6 and Fibre Optic cabling installation, telephone repairs, CCTV installation, HDMI multi room distribution systems installation, home theater system installations, and more. The engineers at Aerials Sheffield are fully trained and accredited in all aspects of these services.

Aerials Sheffield offers free estimates over the phone or email and OAP discounts a one year guarantee in order to ensure a complete peace of mind to their clients. Their technicians arrive at the client's place with fully equipped vans to carry out installations, upgrade or repairs on the same day. More information about Aerials Sheffield can be found on <https://adcommunications.co.uk/tv-aerials-sheffield>.

### **About Aerials Sheffield:**

Aerials Sheffield is a digital aerial installation company specializing in TV aerials and satellite dish installation services in Sheffield and other parts of England. The company also offers telephone repairs, CCTV and Wi-Fi installation, home theater and sound bar systems installation, and various other services.

At TV Aerials Sheffield we like to offer an all encompassing service so if you're not technically minded we can set up your digital service such as Freeview, Freeview HD, BT Vision, Talk Talk, EE, You View and Amazon Firestick and if you're feeling brave we can show you how to do it so there's no future call out charges to retune the TV.

New smart TV's can be set up for you and connected to the internet providing access to catch up TV through BBC iPlayer, ITV Hub as well as app services such as Netflix, YouTube and Facebook. Our pricing is more than competitive as no VAT is charged giving a 20% saving straight away and we offer free call outs for problem diagnosis and free no obligation quotes.

If you can find a cheaper price for the same products and a service we offer AB Aerials will price match as we want to make sure you get the best service at the best price. Once the work is completed you will receive a 2-year rolling guarantee. So if you are experiencing a problem with your aerial service such as Freeview breaking up or a loss of TV channels, call us for free expert advice to rectify the issue. Or if you need a TV aerial or DAB aerial to serve one or many rooms we can quote for free over the phone or pop round at your convenience.

**Satellite Dish Installations in Sheffield** TV Aerials Sheffield is Sheffield's and South Yorkshire's number one digital TV installation company.

We have been operating in the area for over 25 years

giving us expert local knowledge and know how finding you the perfect TV viewing solution. All our TV and radio and satellite engineers are City & Guilds qualified and are Registered Digital Installers so you can be confident that whatever you require will be dealt with competently and effectively to give you peace of mind.

We can offer advice relating to your TV viewing as a satellite dish installation can give you more options if you live in a poor signal area. For example, the satellite equivalent of Freeview is called Freesat and was created to ensure everyone has the best of free digital TV no matter where they live in the UK.

Freesat and Freesat HD have over 1.5 million customers and offers over 140 digital TV and radio services including HD and Freesat+ which allows you to pause, rewind and record live TV and radio programmes.

With the right receiver box, you can connect to the internet and watch catch up TVs such as the BBC iPlayer, ITV hub etc as well as app services such as Netflix, YouTube and Facebook.

If you prefer to subscribe to satellite services such as SKY, SKY HD and SKY HD+ we can offer a maintenance service such as correcting poor signals, realigning dishes and relocating dishes due to obstructions such as trees and buildings.

Additionally, we offer the service of installing

international satellite dishes to receive services from the world including France, Germany, Spain, Italy, Poland, Serbia, Croatia as well as the Arab world.

**CCTV Installations Sheffield** TV Aerials Sheffield offers the opportunity to introduce state of the art security systems at affordable prices.

All our CCTV installations engineers are City & Guilds qualified and are Registered Digital Installers so you can be confident that whatever you require will be dealt with competently and effectively to give you peace of mind.

Recent advances in technology have meant greater quality imaging for less money and the storage of CCTV images much easier to access. TV Aerials Sheffield provide the best possible and cost-effective service from a single covert CCTV camera to multiple camera installations making us one of the leading and most popular installers of CCTV systems in South Yorkshire.

**TV Wall Mounting Sheffield** V WALL MOUNTING SERVICE FROM LOCAL PROFESSIONAL INSTALLERS

As televisions get bigger, more expensive and complicated to set up it's becoming prudent to get an expert professional tradesman in to wall mount the TV and connect the relevant devices such as a DVD, Digi-box, sound bar and recorder.

At TV Aerials Sheffield we are proud to offer a professional TV Wall Mounting and Installation

service. We will ensure your TV looks great on the wall by cleverly concealing the cables.

Please call us for free advice from our expert installers as well as arrange for a free no obligation call out to discuss your requirements.

#### ON COMPLETION

Once positioned and mounted the TV can be set up. This includes tuning in and your devices connecting so that all you have to do is turn it on and off you go. If you have purchased a SMART TV you will need internet/Wi-Fi connectivity so as to make it fully functional i.e. so you'll have access to "Catch up" TV and various apps on offer such as Netflix and the like. We can help with internet connections and provide dongles or powerline adaptors to link up.

#### HOW TO BOOK

To arrange an appointment please call us on 01143583478 to discuss your requirements and we can go through the check list with you. You can buy your own bracket but we'd recommend that you talk to us first as we have years of experience and know that some brackets are not suitable for certain models of tvs. If we supply the brackets costs start from:

Up to 32" - £80

From 32" to 65"- £95

Prices will vary depending on the type of bracket required and the degree to which cables are hidden.

Please call us for free advice from our expert installers as well as arrange for a free no obligation call out to discuss your requirements.
